“AG DAY LA” for 2005, MARCH 30, 2005

The Los Angeles County Agricultural Commissioner/Weights and Measures Department, the Los Angeles County Farm Bureau, California Women for Agriculture and the 48th District Agricultural Association have joined together to form a foundation whose mission is the annual production of “AG DAY LA” to introduce the agricultural sciences to students. The theme, “Agriculture Belongs in Our Kids’ Educational Diet!” has special significance as the County makes an increased effort towards service excellence in their strategic plan.

“AG DAY LA” for 2005 will be hosted at Loma Alta County Park on March 30, 2005, which coincides with National Agriculture Week, designated as the week of March 20 - 26. This comfortable and scenic venue, in which the Department of Agriculture / Weights and Measures is requesting the Department of Parks and Recreation fees be waived in the amount of \$1,425, will provide a educational and learning experience to 1,400 fourth-grade students from the Pasadena Unified School District. Students and teachers will receive presentations on where food and fiber are grown, milking of cows, to understanding “good” and “bad” insects.
